

Comanche Nation Entertainment Chooses Aristocrat's Oasis 360™ Casino Management System for All Five Properties

***Enterprise-wide Installation to Include Advanced Modules such as
Oasis Loyalty™, ONE LINK™, nVision™, and TrackIT™ for Tables***

LAS VEGAS (July 23, 2019) – Comanche Nation Entertainment has chosen to replace its existing casino management system with Aristocrat's multiple award-winning Oasis 360™ for all five properties in the Oklahoma-based enterprise.

The enterprise-wide installation replaces an existing system and is expected to be complete by mid-September this year. In addition to Oasis 360's robust casino management and compliance modules, Aristocrat will also install several technologically advanced solutions, including Oasis Loyalty™, ONE LINK™, nVision™ business intelligence, and TrackIT™, which empowers ticketing at table games.

Properties which will receive the power of Aristocrat's Oasis 360 solution are Comanche Red River Hotel Casino in Devol, Comanche Nation Casino in Lawton, Comanche Star Casino in Walters, Comanche Spur Casino in Elgin, and Comanche Nation Travel Plaza in Devol.

Aristocrat currently provides Aristocrat and VGT branded games to Comanche Nation Entertainment properties.

Jack Crane, Director of Gaming Operations for Comanche Nation Entertainment said, "Everything we do at Comanche Nation Entertainment is designed to help our guests win more and play longer. So when we were looking for ways to further improve our guests' experience, we knew we needed a casino management system that allowed us to reward guests across the entire enterprise, regardless of how, where, or when they enjoy our properties. We found exactly what we were looking for with Aristocrat."

"We are honored to be expanding our relationship with Comanche Nation Entertainment and to bring our leading casino management solutions to the entire enterprise," said Aristocrat VP of System Sales Clark Warren. "Whether a casino is a standalone property or a multi-property enterprise like Comanche Nation Entertainment, our cutting-edge solutions are scalable to be a perfect fit for each of our Oasis 360 partners. We are thrilled to be welcoming Comanche Nation Entertainment to the family of operators who trust and rely on Aristocrat to help them serve their patrons better than ever."

Oasis Loyalty is a one card solution for multi-site operators. With Oasis Loyalty, patrons can enjoy and be rewarded at any Comanche Nation Entertainment property. Oasis Loyalty empowers operators to customize the patron's experience and to track patron activity across the enterprise.

ONE LINK is a fully customizable, integrated media and bonusing solution that empowers operators to think more creatively and deliver messaging and promotions in unique, modern fashion. Generating floor wide excitement and customer engagement on a whole new level.

The nVision business intelligence tool allows users to quickly create reports and dashboards to monitor performance, identify trends, and analyze details. nVision can be implemented at single site properties or across multi-site enterprises for holistic analytics.

With TrackIT, patrons have the ability to use distributed TITO vouchers which are integrated with the TrackIT table management solution to redeem and cash out after completion of a gaming session. TrackIT provides operators the ability to track, monitor and report on all table play through the property driving intelligent decision and creating a better gaming experience.
